Why Discover Scuba Diving?

The Discover Scuba Diving program lets you experience the thrill of diving under the supervision of an Adventure Scuba Professional in pool. During your adventure, you'll master some basic concepts and scuba skills.

What do I need to start?

- Minimum age: 18 (14 with Parental consent)
- Complete and sign the Medical Questionnaire and the General Liability Release and Express Assumption of Risk

What will I do?

When you participate in a Discover Scuba Diving program, you discover excitement and adventure - freedom and serenity. Nothing compares to the "weightless" exhilaration of breathing underwater. Only a diver knows the feeling!

Where can I go from here?

As soon as you Discover Scuba Diving, you're on your way to an internationally recognized certification. That's because you may learn skills used in the Adventure Scuba Open Water Diver course during your Discover Scuba Diving adventure. If you and your instructor elect to practice these skills, they may be credited toward the PADI or SDI Open Water Diver certifications. Stop by Adventure Scuba for more information on our Open Water Diver program.

___ - Properly Completed Medical Questionnaire Attached

___ - Properly Completed General Liability Release and Express Assumption of Risk Attached
